

MANAGEMENT &  
PROFESSIONAL RISKS

## MPR and AXIS Specialty – Three Years to 2026

Relationships are hugely important to MPR. Last year we were thrilled to extend our partnership with AXIS Specialty Europe SE for another three years, a relationship that stretches back to our opening days over six years ago.

Shared values of underwriting expertise, superior service and high quality claims handling in specialty lines of business are central to our proposition and we both share a culture grounded in our people. We are therefore delighted that we have extended this for another three years out to 2026.
