

“Excellent service provision, backed
by deep product knowledge and expertise.”

This kind of feedback is why we do what we do. The Insurance Times MGA Survey is a true measure of our performance against our main objective, which is to provide superior service, cover and claims outcomes for our brokers. MPR are again delighted to have been ranked as a 5 star performer for the 4th consecutive year, the only MGA to do so. In addition, we were also credited with the Gold award by the Insurance Times for ‘Best MGA for Broker Service’, awarded for “addressing gaps in the market” and “acting on broker feedback”.
